

EMPOWERING THE POOR

Our keynote speaker is Rowena Mendoza, who is working to develop and implement cutting edge development strategies in partnership with the public, private and church sectors to empower poor and marginalized communities to live productive and healthy lives with dignity and sufficiency.

Rowena will share her experiences working with the poorest of the poor in the Philippines, including "streetdwellers and scavengers", and helping bring young girls out of slavery and human trafficking.

She will relate how Haggai Institute helped her "step hard on the accelerator" and let God guide her in her vital and often heartbreaking work among the marginalised, the disenfranchised, the forgotten and the unseen.

"Haggai Institute gave me focus and inspired me to dream bigger to have a greater impact in the Kingdom. I am still a work in progress but am more than happy to be God's canvas and let him paint on me what he wills," Rowena said.
